Agreed that the reply I initially sent them needs only a little more language. Maybe we can still wait for the UIC Allocation formula & explanation, which should be most of what Jerry needs?

From what I can determine, the DOGGR UIC grant in FY12 was \$489,000. Their allocation in FY13 is \$491,000. I've not spent time researching it, but they are likely one of very few (possibly the only) to get an INCREASED UIC allocation.

I'm not sure what further explanation they need.
